METALORE RESOURCES LIMITED
NOTES TO FINANCIAL STATEMENTS
For the Quarter ended December 31, 2002

1. Significant Accounting Policies

The financial statements of the Company have been prepared by management in accordance with generally accepted accounting principles in Canada for interim financial statements. The financial statements have, in management's opinion, been properly prepared using judgement within reasonable limits of materiality. These interim financial statements do not include all the note disclosures required for annual financial statements and therefore, should be read in conjunction with the Company's audited annual financial statements for the year ended March 31, 2002. The significant accounting policies follow that of the most recently reported annual financial statements.

2. Accounting estimates

The preparation of interim financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from those estimates.
